Disassembling the Celebrity Figure Jackie Raphael, Celia Lam, Millicent Weber, 2018-04-03 Disassembling the Celebrity Figure: Credibility and the Incredible explores the construction of celebrity brands, articulating consumers' dependence on the perceived authenticity these brands portray. It examines this authenticity through an exploration of fandom, media representation, branding and celebrity deaths.

*American Silent Film* ,

Celebrity Sean Redmond, 2018-07-17 Celebrity introduces the key terms and concepts, dilemmas and issues that are central to the study and critical understanding of celebrity. Drawing on two dynamic models from two different modes of enquiry - the circuit of celebrity culture and the circuit of celebrity affect - this book explores the multi-layered, multi-faceted contexts and concepts that sit within and surround the study of celebrity. Through building a critical story about celebrity, Sean Redmond discusses key topics such as identity and representation; the celebrity body; the consumption of celebrity and celebrity culture; and the sensory connection between fans and celebrities, gender, activism, gossip and toxicity. Including case studies on Miley Cyrus, David Bowie, Scarlett Johansson and Kate Winslet, Celebrity is a dynamic and topical volume ideal for students and academics in celebrity and cultural studies.

**Killer Fandom: Fan Studies and the Celebrity Serial Killer** Judith May Fathallah, 2023-11-06 Killer Fandom is the first long-form treatment of serial killer fandom. Fan studies have mostly ignored this most moralized form of fandom, as a stigmatized Bad Other in implicit tension with the field's successful campaign to recuperate the broader fan category. Yet serial killer fandom, as Judith May Fathallah shows in the book, can be usefully studied with many of the field's leading analytic frameworks. After tracing the pre-digital history of fans, mediated celebrity, and killers, Fathallah examines contemporary fandom through the lens of textual poaching, affective community, subcultural capital, and play. With close readings of fan posts, comments, and mashups on Tumblr, TikTok, and YouTube, alongside documentaries, podcasts, and a thriving "murderabilia" industry, Killer Fandom argues that this fan culture is, in many ways, hard to distinguish from more "mainstream" fandoms. Fan creations around Aileen Wuornos, Jeffrey Dahmer, Ted Bundy, and Richard Ramirez, among others, demonstrate a complex and shifting stance toward their objects—marked by parodic humor and irony in many cases. Killer Fandom ultimately questions—given our crime-and violence-saturated media culture—whether it makes sense to set

Dahmer and Wuornos “fans” apart from the rest of us.

When her classmate Zania's mother goes missing, D'Arcy thinks she's found the mother of all scoops. She's determined to solve the mystery and capture it all on film. But Zania's troubles are no game. She suspects her mother's drug-dealing boyfriend may be behind her sudden disappearance and Zania's too scared to go home. It's not long before the girls realize that they're in over their heads. Adrenaline High is a gripping, fast-paced story for mystery lovers.

*Babe Ruth and the Creation of the Celebrity Athlete* Thomas Barthel,2018-07-16 From his first year in the majors, George Herman Babe Ruth knew he could profit from celebrity. Babe Ruth Cigars in 1915 marked his first attempt to cash in. Traded to the Yankees in 1920, he soon signed with Christy Walsh, baseball's first publicity agent. Walsh realized that stories of great deeds in sports were a commodity, and in 1921 sold Ruth's ghostwritten byline to a newspaper syndicate for \$15,000 (\$187,000 today). Ruth hit home runs while Walsh's writers made him a hero, crafting his public image as a lovable scalawag. Were the stories true? It didn't matter--they sold. Many survive but have never been scrutinized until now. Drawing on primary sources, this book examines the stories, separating exaggerated facts from clear falsehoods. This book traces Ruth's ascendance as the first great media-created superstar and celebrity product endorser.

*Punk Slash! Musicals* David Laderman,2010-03-01 Punk Slash! Musicals is the first book to deal extensively with punk narrative films, specifically British and American punk rock musicals produced from roughly 1978 to 1986. Films such as Jubilee, Breaking Glass, Times Square, Smithereens, Starstruck, and Sid and Nancy represent a convergence between independent, subversive cinema and formulaic classical Hollywood and pop musical genres. Guiding this project is the concept of slip-sync. Riffing on the commonplace lip-sync phenomenon, slip-sync refers to moments in the films when the punk performer slips out of sync with the performance spectacle, and sometimes the sound track itself, engendering a provocative moment of tension. This tension frequently serves to illustrate other thematic and narrative conflicts, central among these being the punk negotiation between authenticity and inauthenticity. Laderman emphasizes the strong female lead performer at the center of most of these films, as well as each film's engagement with gender and race issues. Additionally, he situates his analyses in relation to the broader cultural and political context of the neo-conservatism and new electronic audio-visual technologies of the 1980s, showing how punk's revolution against the mainstream actually depends upon a certain ironic embrace of pop culture.

**Modernism and the Culture of Celebrity** Aaron Jaffe,2005-03-17 In this 2005 book, Jaffe examines the interactions of modernist literary fame and celebrity culture in the early twentieth century.

A Reader in Animation Studies Jayne Pilling,1998-05-22 Cartoons—both from the classic Hollywood era and from more contemporary feature films and television series—offer a rich field for detailed investigation and analysis. Contributors draw on theories and methodology from film, television, and media studies, art history and criticism, and feminism and gender studies.

**Food Discourse of Celebrity Chefs of Food Network** Kelsi Matwick,Keri Matwick,2019-12-02 Food Discourse explores a fascinating, yet virtually unexplored research area: the language of food used on television cooking shows. It shows how the discourse of television cooking shows on the American television channel Food Network conveys a pseudo-relationship between the celebrity chef host and viewers. Excerpts are drawn from a variety of cooking show genres (how-to, travel, reality, talk, competition), providing the data for this qualitative investigation. Richly interdisciplinary, the study draws upon discourse analysis, narrative, social semiotics, and media communication in order to analyze four key linguistic features - recipe telling, storytelling, evaluations, and humor - in connection with the themes of performance, authenticity, and expertise, essential components in the making of celebrity chefs. Given its scope, the book will be of interest to scholars of linguistics, media communication, and American popular culture. Further, in light of the international reach and influence of American television and celebrity chefs, it has a global appeal.

*Writing Celebrity* T. Galow,2011-06-06 Writing Celebrity is divided into three major sections. The first part traces the rise of a national celebrity culture in the United States and examines the impact that this culture had on literary writing in the decades before World War II. The second two sections of the book demonstrate the relevance of celebrity for literary scholarship by re-evaluating the careers of two major American authors, F. Scott Fitzgerald and Gertrude Stein.
